“ It's now been 4 months since Susan's passing, I have moved away to begin a new life in Kentucky without her (never really without her) and I still reach out for her whenever something comes up that I would normally share with her. I don't think these feelings ever really go away, but it is getting a little better.

“ Susan was the best sister in law I could ever have. She told it like it was.no sugar coating. She was also the most kind hearted and generous person. Everytime I think of her I smile. She was definitely one of a kind. I miss her

“ Susan and I lived very close to each other growing up. The memories we made together were life long ones. The forest we ran through, the giggles we shared, and the cows that chased us up a tree trunk!
Sue was vivacious, hugely present in all her coversations, and full of life with a tremendous and unforgettable laughter!
Our world has lost a lovely lady!
